Technical information about this website's accessibility

We are committed to making our website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 and European Accessibility Act made also for certain private sector companies.

Compliance status

This website is **partially compliant** with the [EN 301 549](#) "Accessibility requirements for ICT products and services", the European Standard and [Web Content Accessibility Guidelines version 2.1](#) AA standard.

Non-compliance with the accessibility regulations

- Clause: 9.1.1.1 - Some non-textual content presented to you do not have an equivalent textual alternative that serves the same purpose;
- Clause: 9.1.3.1 - In some cases, information, structure or correlations conveyed by the presentation of pages cannot be determined programmatically (or are not available through text);
- Clause: 9.1.4.1 - In some cases, color alone has been used to identify a purpose or distinguish an information or function;
- Clause: 9.1.4.3 - Where not allowed, visual representation of text and images containing text does not always have the minimum contrast ratio required;
- Clause: 9.2.1.1 - Some features cannot be activated by keyboard (or similar input interface);
-
- Clause: 9.2.4.1 - There is no mechanism to skip content blocks that repeat on multiple web pages;
- Clause: 9.2.4.3 - In some web pages that can be browsed sequentially and in which the navigation sequence affects their meaning and functioning, some objects that may receive the focus do not receive it with an order that preserves the meaning and operation of it;
- Clause: 9.2.4.4 - The purpose of certain links cannot be determined by the link text or by the link text together with adjacent content;
- Clause: 9.2.4.7 - On some interactive elements the focus indicator is not visible;
- Clause: 9.3.3.2 - In some cases no labels or instructions are provided when the content requires input actions by the user;

- Clause: 9.3.3.3 - In cases where an input error is identified and suggestions for correction are known, they are not provided to the user, unless prohibited by law;
- Clause: 9.4.1.1 - Page markup code does not always conform to its specifications or contains errors, or attributes and duplicate IDs;
- Clause: 9.4.1.2 - In some cases, user interface components (including: module elements, script-generated links and components), name, role, state, property and values are incorrect or set, or the user a.t are not warned when these attributes change;
- Clause: 9.4.1.3 - In some cases state messages are not presented to the user so that a.t. interpret them without having to move the focus;
